

Creating an Avatar with Ready Player Me

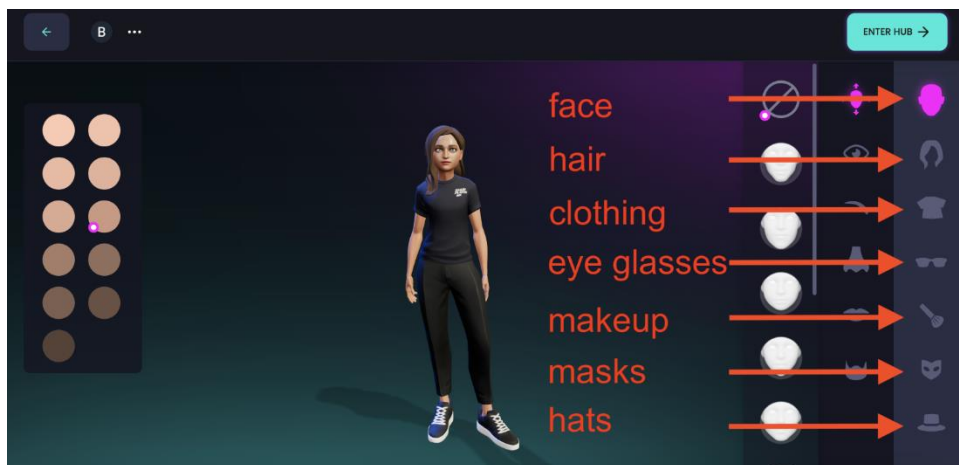

Navigate to readyplayer.me on your web browser to get started. You will need to sign up for an account to use the avatar creator. Once you have created an account, you will be prompted to create your own avatar. You should see a screen like this when you get started:

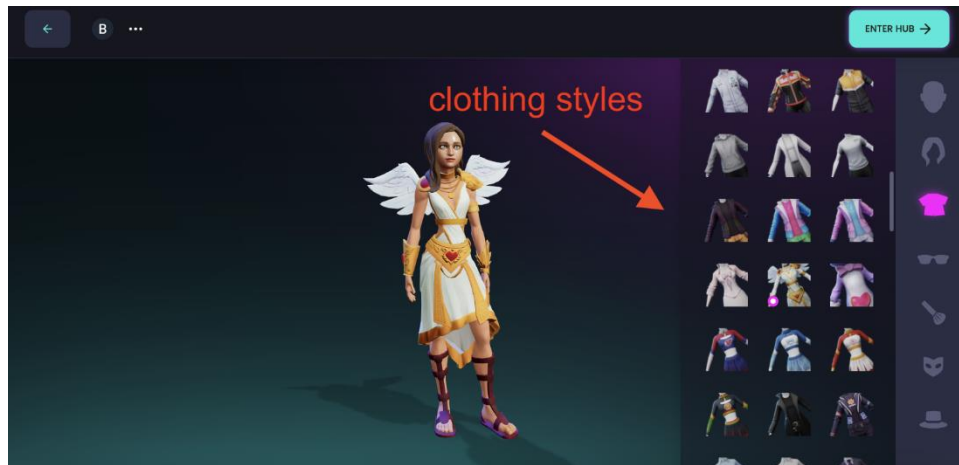

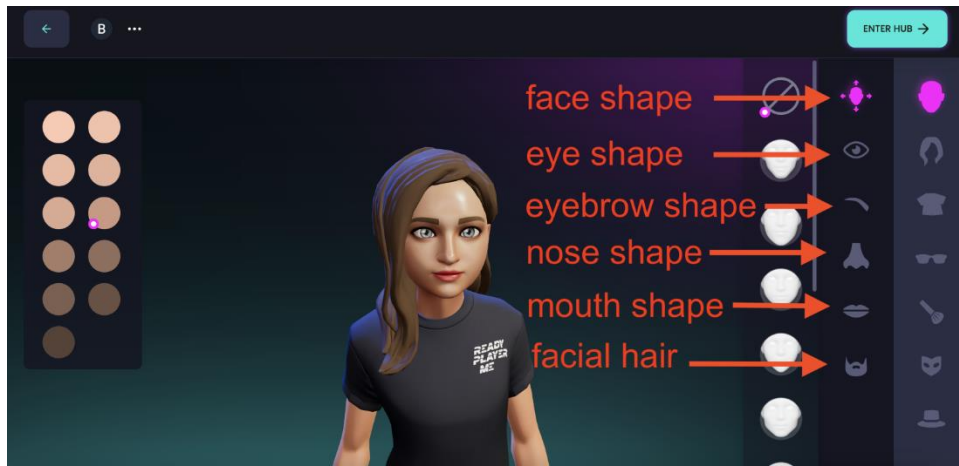

In the next step, you can choose to take or upload a picture of yourself to create an avatar, or you can skip this. This is optional. After you have uploaded a picture or skipped doing so, you will reach the main avatar editor:

The tabs on the far right of the editor allow you to edit the face, hair, clothing, makeup, and accessories.

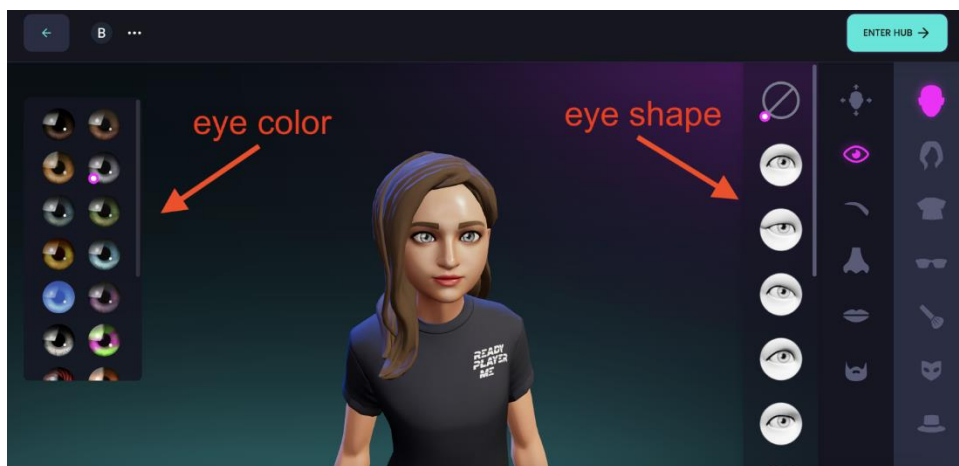

The tab in the middle far right of the editor allows you to select what element of the face you would like to edit, or lists the hair styles, clothing styles, eyeglasses, makeup styles, masks, and hats that you can choose from.

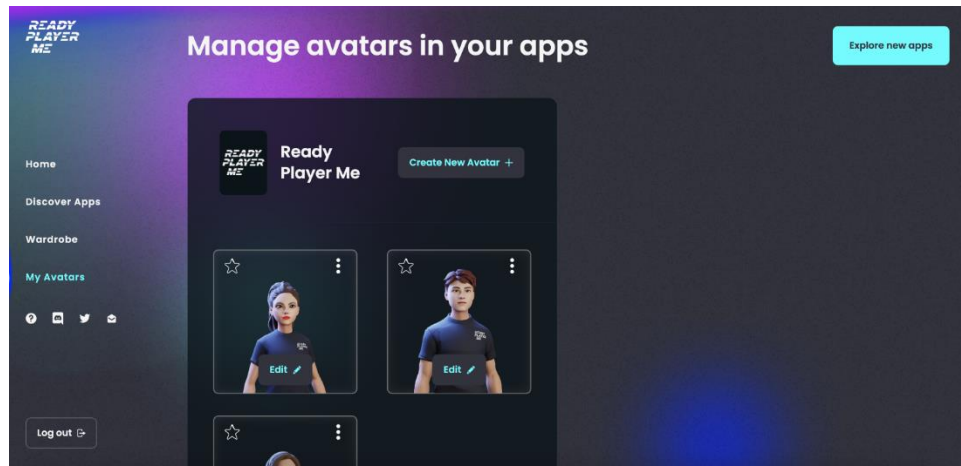

G

When editing the facial features, the left tab on the far right shows all the face shapes, eyebrow shapes, nose shapes, mouth shapes, and facial hair styles you can choose from. An additional tab will pop up on the far left of the page that allows you to choose the skin color, eye color, eyebrow color, etc.

Navigate through all tabs to create the avatar however you would like. Once you are satisfied, **take a screenshot of your final avatar in which the full body is visible**. Leave the avatar creator by pressing the “ENTER HUB” button located on the top right of the page. You should be taken to a page where you can see the Ready Player Me avatars that you have created.

Click on the three dots on the upper right corner of your avatar and **download the avatar .glb file from Ready Player Me. [Complete this survey](#)** before finishing the assignment or going ahead to create your MetaHuman. You may want to refer to the image of your Ready Player Me avatar during the survey to answer the questions. Once you have completed the Ready Player Me Survey, you are finished with this part of the assignment!
